CMAS Technical Skills Diver Training Programme Basic Requirements

1. Aim of the training programme

1.1 The CMAS Technical Skills Training Programme is designed to cultivate the essential skills required for sound Technical diving practice, irrespective of level or environment. A recommended prerequisite for all CMAS Technical diving programmes, it performs a three-fold function: It provides the Technical diver, who does not desire further diver training, with an opportunity to advance his/her basic diving skills, thereby developing more comfort, confidence, and competence in the water. It provides the diver with aspirations of more advanced diver training with the tools that will contribute to a greater likelihood of success. It provides non-CMAS trained divers with a gateway to CMAS Technical training.

2. Classification

2.1 The CMAS Technical Skills Training Programme is classified as an intermediate level speciality diver training programme.

3. Instructor and Assistant Requirements

3.1 The CMAS Technical Skills Training Programme may be presented by any CMAS Technical Skills Instructor with a minimum of a CMAS One Star Instructor grading that complies with the requirements as prescribed by Clause 2.1.16 of the definitions in Chapter 1.

3.2 The CMAS One Star Instructor may be assisted by a CMAS Dive Leader that complies with Clause 2.1.15 of the definitions Chapter 1.

4. Competencies of a certified CMAS Technical Skills Diver

4.1 A CMAS Technical Skills Diver does not receive additional competencies, he shall be trained such that when assessed by a CMAS Instructor, he shall be deemed to have sufficient knowledge, skill and experience to dive using Technical skills within the parameters of his CMAS Diver qualifications or those applicable to the other diver training certifications he already holds.
