

# The 10 Golden Rules of

**Dive like your shadow !**

**Don't leave any trace**

**Be a sensible part of underwater world,  
not an alien !**

- 1. Never enter the water through reed, living corals or water plants.**
- 2. Control your buoyancy**
- 3. Keep distance from corals and other animals and do not stir up the sediment**
- 4. Take care where dropping anchor during boats dives**
- 5. Do not chase, touch or feed wild animals**
- 6. Do not spearfish ( for fun ), an do not buy or collect souvenirs such as corals and shells**
- 7. Be very careful when diving in caves. Bubbles and simple contact may destroy their delicate life**
- 8. Keep the diving places clean**
- 9. Learn about the underwater life and avoid any destruction**
- 10. Urge your buddies to follow these rules, too**
