CMAS
WORLD FINSWIMMING TRAINERS
CONGRESS
LEVEL I
ATHENS, GREECE
16-18 OCTOBER 2020

Introduction

The World Underwater Federation (CMAS), focus on the athletes, throughout their career, starting from childhood elementary level to the professional coaching level. Development and promotion of Finswimming is our concern, thus our vision is to hold the 1st World Finswimming Trainers Congress to be held in Greece.

Our athletes are under a continuous heavy program in order for them to achieve new records and top performances. CMAS recognizes their efforts thus provides support to athletes, coaches, national federations and all parts involved. By this project may generate very important gains within our Sport.

A United Educational program in Finswimming is set to educate, develop and certify by awarding a Finswimming Coach Certification (CMAS Level 1). This program concerns not only coaches but also the athletes to become credited for their professional achievements, to apply the EU Guidelines for the athletes dual career.

This attempt will have multiple benefits for our sport.

General Goals

- Promotes the integration of people as there are no borders, religions thus helping to strengthen relations between people.
- New professional horizons are creating for the athletes and the coaches.
- Offer all finswimming coaches around the world the opportunity to become CMAS Certified Finswimming Coaches, recognizing the work they have accomplished.
- Development of the sport and increase of new members worldwide.
- Increase the number of certified coaches and enhance the quality of the existing ones.
- Offers learning opportunities to all coaches worldwide.
- Learn the coaches about the latest training and scientific developments.
- Focal point for state, aim to involve them within Finswimming.
