ADDRESS OF CMAS PRESIDENT Ms. Anna Arzhanova

Dear athletes and passionate supporters of finswimming,

In a short time we will be on the magnificent island of Chios not only for two exceptional competition events but for a shared journey fueled by big dreams.

Athletes from various ages, countries and backgrounds will gather to celebrate their passion for Finswimming. Each one brings a unique story and their own way of finding freedom and expression beneath the water's surface.

We all know that success is more than just achieving results, it's having the courage to take the first dive, overcome obstacles and to push personal boundaries.

The bonds you form during this event may last a lifetime, serving as a reminder of the strength that lies in our differences and the inspiration we gain from one another.

I would like to extend our sincere gratitude to the Hellenic swimming Federation and the local authorities of Chios for their invaluable support. Their warm hospitality and commitment have played a crucial role in making these Championships an unforgettable experience.

The time to carve your own path is approaching, dive in with passion and let your achievements inspire us all.

Welcome to Chios a Mediterranean Jewel!

We are delighted to welcome all participants and visitors to the CMAS World Championship Finswimming Indoor Masters & Juniors, in the enchanting island of Chios, Greece. With its rich cultural heritage, stunning natural landscapes, and world-renowned products, Chios offers a truly unique experience for all who visit.

A Breathtaking Destination

Chios, located in the northern Aegean Sea, is a haven of beauty and history. Famous for its crystal-clear waters, charming medieval villages, and picturesque landscapes, it's the perfect setting for these prestigious events. The island is particularly famous for its mastic, a rare resin produced by the mastic trees that grow only in specific areas of Chios. Mastic has been harvested here for centuries, and it plays a key role in local culture, cuisine, and tradition.

Chios and its Legendary Mastic

The mastic of Chios is truly unique. This aromatic resin, which has been prized for its medicinal and culinary properties since ancient times, is harvested exclusively from the island's mastic trees, particularly in the southern region of the island. Chios is the only place in the world where mastic is produced in this form, and the island's Mastic Villages – including Mesta, Pyrgi, and Vessa – are known for their centuries-old traditions surrounding its cultivation.

When you visit these villages, you'll have the chance to see how the mastic is harvested, learn about its historical significance, and even taste it in a variety of local products. From mastic-flavored ice creams and sweets to liqueurs, cheeses, and skin-care products, mastic is a fundamental part of the island's identity.

Natural Beauty and Relaxation

Beyond its cultural heritage, Chios offers an array of breathtaking natural landscapes. You can unwind on its unspoiled beaches, such as Karfas, Mavra Volia, and Agia Dynami, where crystal-clear waters meet golden sands. The island is also perfect for nature lovers – explore its rugged hills, olive groves, and pine forests, or visit the serene Nea Moni, a UNESCO World Heritage site famous for its Byzantine mosaics.

Cultural and Historical Heritage

Chios is also home to a wealth of historical landmarks, from ancient ruins to impressive medieval castles. Discover the Chios Archaeological Museum, the Chios Castle, and the island's medieval villages, with their unique black-and-white patterns on the houses, which reflect the island's rich cultural legacy.

SEE YOU IN CHIOS THIS JUNE!
