## CMAS Generalities

The CMAS BOD will vote on the list of participants for the CMAS Sports included in the TWG2025 program in December 2024. According to their corresponding calendar, the relevant CMAS commissions will submit this list to the BOD as soon as possible after the last event of 2024. We remind you that the lists of selections and the places are strictly nominative.

Soon after the vote, the list will be sent to the NF to request confirmation and acceptance of the selection.

The modalities of selections in the current document are extracted from Annexe 1 of the Freediving Rules and Annexe 4 of the Finswimming Rules.

CMAS events will be from August 7<sup>th</sup> or August 8<sup>th</sup> (Day 1) to August 12<sup>th</sup> (Day 6), according to the tables below for each sport.

### 3. Judges Officials for TWG2025

The quota is calculated globally for all the CMAS sports. Like every edition of the World Games, CMAS will work with the National Federation of China to provide the complement of judges in addition to the IWGA Quota.

The Finswimming and Freediving Commissions define the modalities and voted by the BOD beginning in 2024. The two CMAS commissions plan to deliver both certifications in a common work.

The global Quota of Judges fixed by IWGA for the three CMAS sports in the 2025 program is **22** (18 for Finswimming and 4 for Freediving).

Beginning in 2025, CMAS will send the candidature appeal to the NF. After handling the candidatures, the NF will be informed of the list established by CMAS. When the NF confirms the judge's participation, it will be accepted that the flight ticket will be in charge of the National Federation of the judge from his home starting point up to Chengdu and back. Accommodation and local transportation will be in charge of the World Games organisation or CMAS according to the official quota defined between CMAS and IWGA. All information and explanations will be sent to the NF in time with specific notice.

CMAS will also organise, out of the judges, the Safety Team for the events in Freediving because they are not counted among the officials.

Concerning the Technical Delegates, as usual during the previous edition, CMAS BoD will appoint each Director of Commission (Finswimming and Freediving) for this position in the relevant competition.

### 4. Representatives of NF for TWG2025

For the World Games, all members of the National Teams who want to register (NF representatives, coaches, medical staff, etc are considered "Extra Officials".
