GENERAL INFORMATION

The CMAS Senior & Junior World Championships Sport Diving and the CMAS World Cup Sport Diving, emerge from a partnership between the Federations of Portugal and Spain with a view to launching the Sport Diving after the pandemic.

The municipality of Vila Franca de Xira had the courage to embrace this challenge as a partner. We are all extremely proud to contribute to the development of underwater activities by bringing together the entire world sport diving community in Portugal.

VILA FRANCA DE XIRA

Vila Franca de Xira is a city and municipality in the Lisbon District in Portugal. The population in 2021 was 137,659.

Situated on both banks of the Tagus River, 32 km north-east of the Portuguese capital Lisbon, settlement in the area dates back to neolithic times, as evidenced by findings in the Cave of Pedra Furada. Vila Franca de Xira is said to have been founded by French followers of Portugal's first king, Afonso Henriques, around 1200.

The town is mostly famous for its bull-running festivals in July and October. Bulls are raised in the salty marshlands of the Ribatejo, which is also a notable breeding ground for the Lusitano horse, esteemed for its quick reflexes and maneuverability. Several brightly colored Portuguese bullfighting costumes are on display in the ethnographic museum in the town's bullring, the Praça de Toiros (or Touros) Palha Branco.
