14th WORLD CUP SPORT DIVING

VILA FRANCA DE XIRA, PORTUGAL
25TH to 30TH November 2024

C Â M A R A
M U N I C I P A L

RANKINGS

For the first time and for the 2024 CMAS World Cup, a new specific ranking rule will be drawn up for the competition. It will be a unique opportunity to reach the award ceremony for everyone, despite their equipment and experience with it.

Here is the description of the 3 ranking rules for 2024 CMAS World Cup Sport Diving event :

- Sport Ranking,
- Recreational Ranking,
- Clubs Ranking,

Each will be followed by an award ceremony.

1. General ranking : “SPORT RANKING”

As said in §8 of the specific rules of the event : “CLASSIFICATION AND AWARDS”,
« *All the classification and awards will be according to the CMAS rules and regulations.* »

Thus, the authorized equipment for athletes, is detailed and ruled by 2 cumulative restrictive conditions ; the respect of both is mandatory :

- §2 of the SPECIFIC RULES : “EQUIPMENT, MATERIALS & UNIFORMITY”
- §6.8 of the sport diving rules – 2019 : “EQUIPMENT”

This is the traditional sport diving competitions’ ranking, which we will refer to specifically as “SPORT RANKING”.

CONDITION OF ADMISSION

All athletes who comply fully with the rules laid down for the events and the competition, (*including « authorized equipment », and without any specific restrictions concerning it*), will be included in the SPORT RANKING.

➔ For each distance, this ranking applies to:

- all athletes,
- all categories,
- whatever the equipment used, *within the limits of full compliance with regulations.*

Gold, Silver and Bronze medals will be awarded in Sport Ranking for each distance and category.

2. Specific ranking : “RECREATIONAL RANKING” [NEW]

Still within the limits of full compliance with regulations (*“authorized equipment”*), but considering the specific equipment that the athlete uses during the competition, an additional classification with the award of podiums, is established for each event and each category ; this specific and new additional ranking is called “RECREATIONAL RANKING”

CONDITION OF ADMISSION

All athletes who use at least one of the following equipment will be excluded from the Recreational Ranking :

- Carbon or Glass fiber fins ;
- Backpack instead of traditional BCD ;

→ For each distance, this new and specific classification applies to:

- all athletes,
- all categories,
- if only the equipment used respect the limits described in the “CONDITION OF ADMISSION” above.

Gold, Silver and Bronze medals will be awarded in Recreational Ranking for each distance and category

3. World Cup special : CLUB RANKING

The club classification is a special classification that is obtained after adding points that clubs win for each distance and category in which their athletes were engaged.

1st step

From the general results and classification (Sport Ranking), a special classification is established for each distance (and category), considering for it and for each club engaged in it, only:

- the best individual of each club,
- the best pair of each club,
- the relay of each club,

2^d step

According to this, each club will collect points from this ranking's points table:

Place of club	Points	Place of club	Points	Place of club	Points
1 st	20	7 th	12	13 th	6
2 nd	18	8 th	11	14 th	5
3 rd	16	9 th	10	15 th	4
4 th	15	10 th	9	16 th	3
5 th	14	11 th	8	17 th	2
6 th	13	12 th	7	18 th	1

3^d step

The points collected by club, for each distance and category, will be added up together club by club to form an overall score for the competition.

➔ The 3 best clubs will be awarded a CUP
